| 4.13 | Folio charges(SHG loans) SHG loans are extended as cash credit limit to all the matured SHGs instead of Term Loans | No charges | | | | |

Explanation 1 on Agriculture Operative accounts:

Operative agricultural credit limits like KCCS, Canara Kisan OD are permitted with tenability of 5 years/3 years respectively but are subject to Annual review. In respect of the revised KCC Scheme, a built-in 10% increase on successive annual limit as under is permitted at the time of initial sanction itself:

| Current year | II year | III year | IV year | V year |
|---------------------------------------|---------------|---------------|---------------|---------------|
| Say ₹1.00 lakh (as per assessment) | ₹1.10 lakh | ₹1.21 lakh | ₹1.33 lakh | ₹1.46 lakh |

The documentation is obtained for actual sanctioned limit which is 5th year projected limit, though drawl is limited to the particular year's limit but facility is subject to annual review.

The annual review process may result in continuation/enhancement/reduction/cancellation of the limit. Hence annual review is akin to processing of the current status of the farm and reassessing the limit.
