

BEWARE OF REMOTE VIEWER APPS

Never download additional apps that any customer care/support executive may ask you to do.

Authentic customer care executives will never ask anyone to download apps or send codes, passwords or any other information.

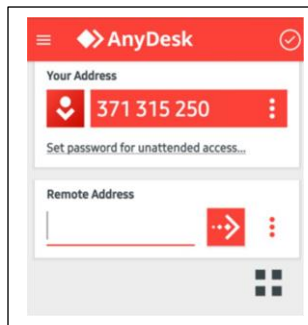

Fraudster pretending as Bank Official calls customer for solving some issues.

He/she tricks customer download AnyDesk or TeamViewer QuickSupport app on your mobile phone

Modus Operandi

Fraudster asks to share 9 digit code shown on the installed app which grants remote access to victims phone screen

He/she can now view the screen and capture the password/ pin used in Banking App for committing frauds

HACKED
