

## **LEAD BANK & FINANCIAL INCLUSION WING, HEAD OFFICE, BANGALORE**

Educative Series 01/2024-25

Dt: 20/11/2024

### **ENABLING/DISABLING OF AADHAAR ENABLED PAYMENT SYSTEM (AePS)**

Aadhaar Enabled Payment System (AEPS) is a bank led model which allows online interoperable financial inclusion transaction wherein the Biometric authentication happens at UIDAI through NPCI.

Customers can enable/ disable AePS service in their account through the following modes/channels without visiting the branch.

#### **1. Canara Whatsapp Banking:**

Customer can enable/disable AePS through Whatsapp Banking as follows:

- >> **Send whatsapp message 'hi' to 9076030001 from registered Mobile Number and select the option as follows:**
- >> **All Services**
- >> **Banking Services**
- >> **Services**
- >> **Enable/Disable AePS (OTP will be generated)**
- >> **Enter the OTP (Customer can enable/disable AePS in his/her selected account)**

#### **2. SMS Banking:**

- **Enable AePS:** To enable AEPS, customer has to send SMS from their registered mobile number as:  
**STARTAEPS <SPACE> LAST 4 DIGITS OF ACCOUNT NO. to 7799719408**
