

Let's celebrate

'Cyber Jagrookta Diwas'

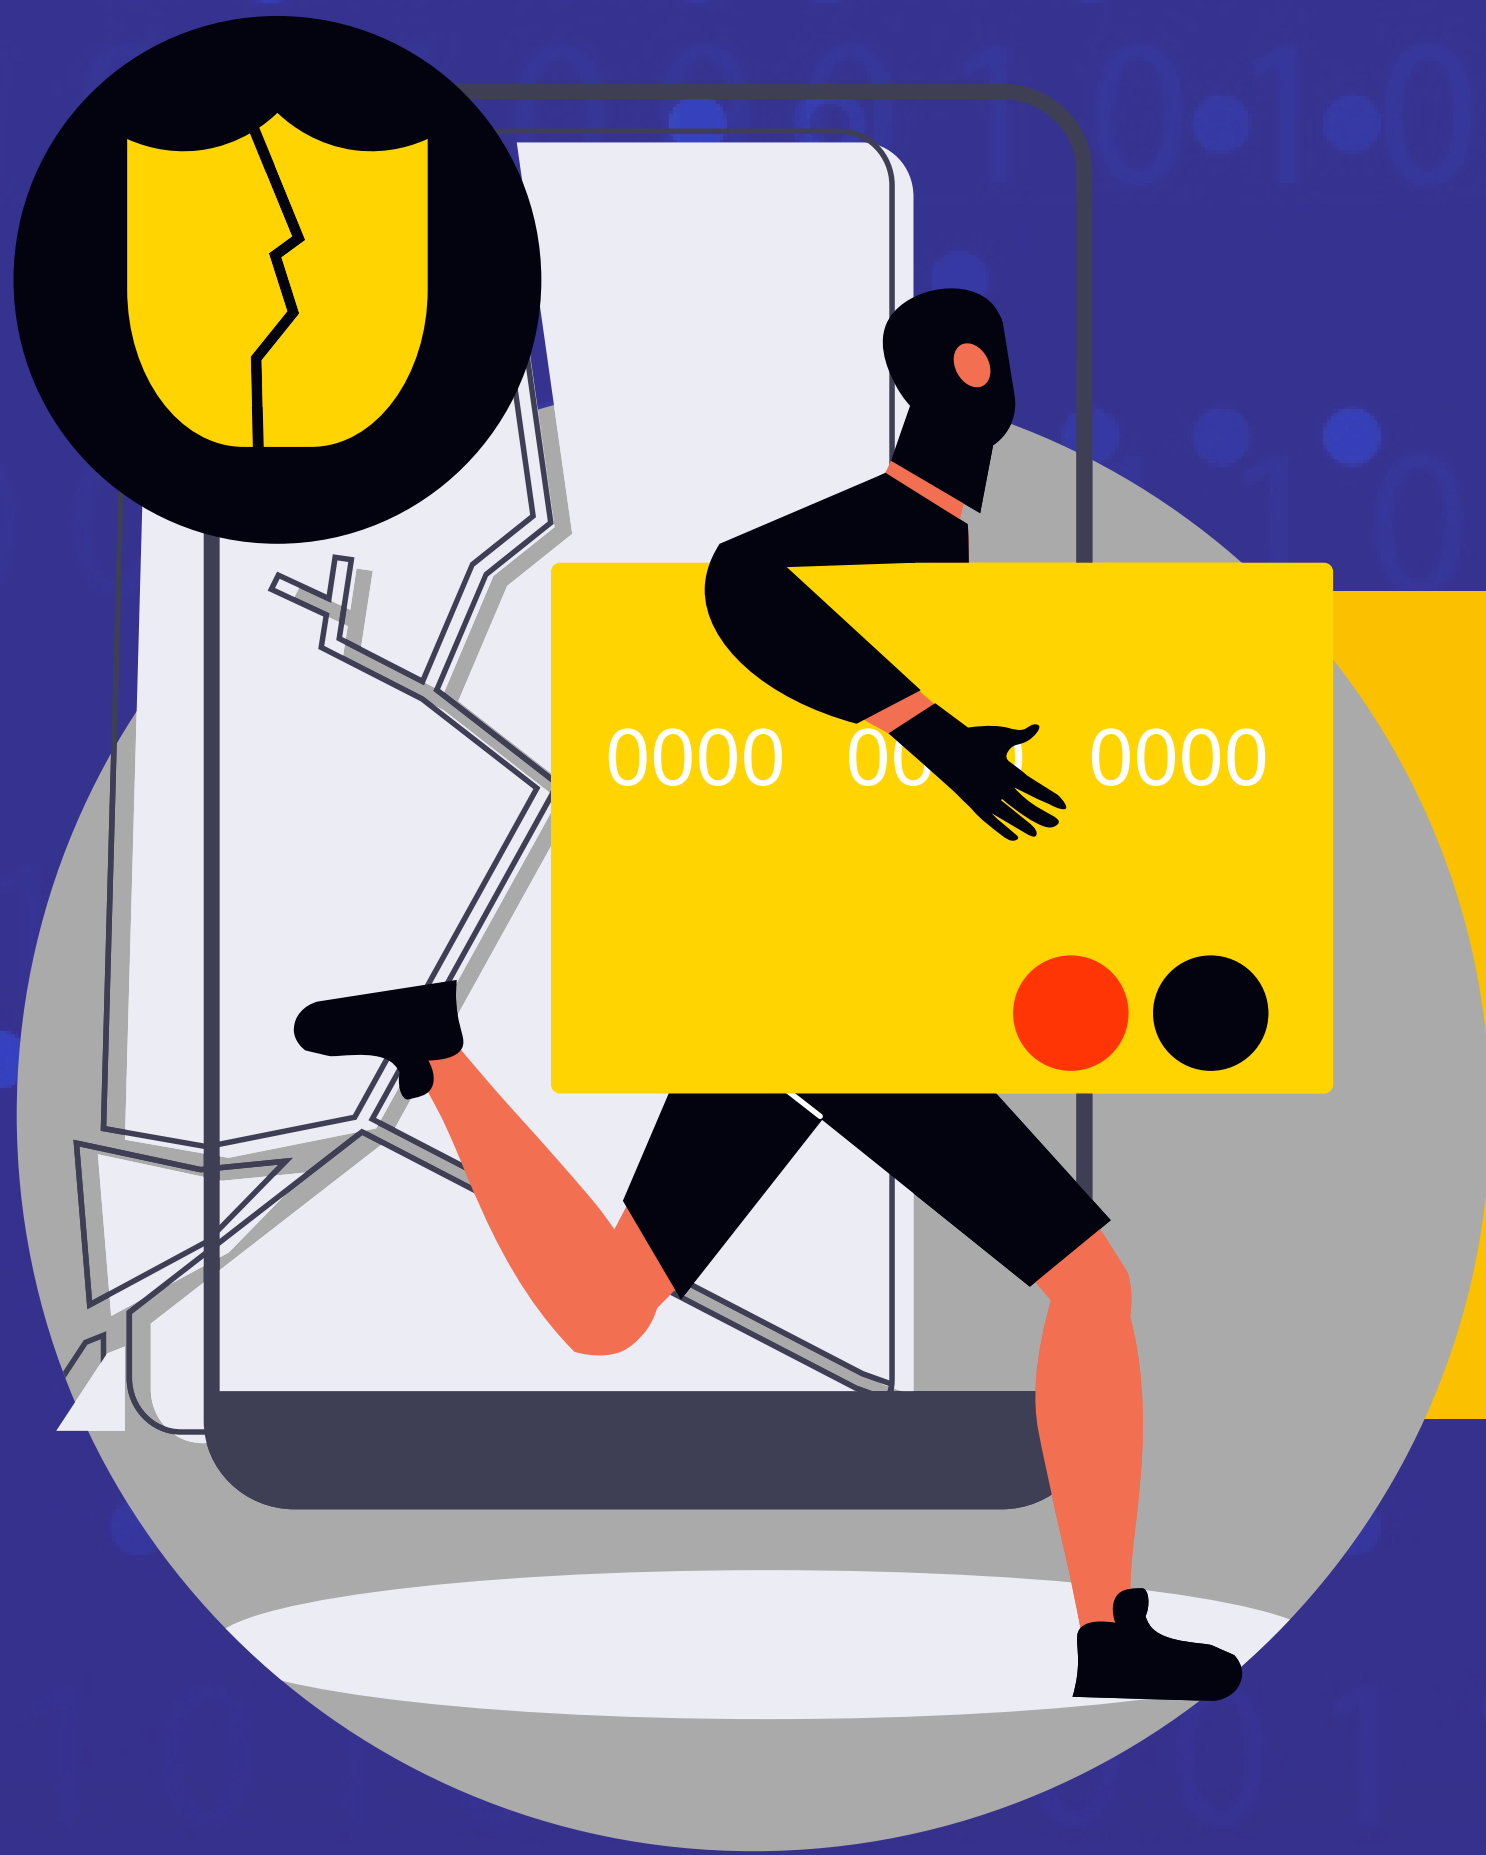

on first Wednesday of every month

Stay Safe from Fake Messages and Screen-sharing Frauds

Customer receives fake SMS / WhatsApp message for payment of pending bills. For eg, Electricity Bill / Insurance Payment, etc.

Customer calls the phone number shown in the fake message.

Fraudster answers call and asks customer to share ATM Card details and download remote screen-sharing application.

Fraudster gains full access to customer's mobile and steals funds from customer's account.

Safety Tips

- Do not respond to any call / SMS / e-mail claiming to be from Bank / any other service provider, which prompts you to download any application.
- Never search for customer care numbers from internet search engines. Always refer to official websites of service providers to reach out to customer care.
- Canara Bank customer care / toll-free numbers are available on the reverse of your Debit / Credit Cards and on our official website.
