BILL OF QUANTITIES FOR RENOVATION OF FURNISHING & CIVIL WORK AT CANARA BANK, BEHRI KALAN, CHARKI DADRI, BRANCH.

G N			T T •-	D :	
S.No	Particulars	Quantity	Unit	Rate	Amount
1	LAMINATED PARTITION				
	FULL HEIGHT PARTITION				
	Providing and fixing partition framing shall consist of Heavy duty Aluminium Box Sections 50mm x 50mm @ 600mm c/c both ways Horizontally and Vertically. The vertical alternate frames to be fixed to the ceiling with necessary fixtures. The framing shall be finished with 12 mm thk. MDF board on both side and finished with 1.00 mm thk. texture/ ultra gloss matte Laminate in all direction/ combination and having 1.00 mm wide skirting in laminate of make Archidlam/Green or approved equivalant including grooves as / Architect. Item include 65 x 65 mm teakwood member for door frame and additional framework and teakwood beading required for providing glazing. All exposed teakwood surface, grooves and the like to be finished in melamine polish, including all necessary fitting and SS hardware of make dorma. The rate to include provision of extra frame work as necessary for skirting and making cut- outs for electrical switches, switch boxes, conduiting, door / glazing as per drawings. The edge beadings with steam beach wood should be finished with melamine.				
	8mm approved make clear float glass shall be provided above 2'-6" from ff.lvl. or as advised by architect/ bank with necessary steam beach moulding finished with melamine. The rate shall include necessary etching film / LOGO.		SQ.FT.		
2	LOW HEIGHT PARTITION				
	Providing and fixing partition framing shall consist of Heavy duty Aluminium Box Sections 50mm x 50mm @ 600mm c/c both ways Horizontally and Vertically. The framing shall be finished with 12 mm thk. MDF board on both side and finished with 1.00 mm thk. texture/Ultra gloss matte Laminate finished with melamine polish. The shade of laminate and polishing finish to be got approved from Bank / Architect. The 1.00 mm wide skirtingin SS Satin brush metal laminate of make Archidlam/ Green or approved equivalant including grooves as / Architect. Rate shall be inclusive of necessary hardware items, etc. Complete. The rate to include for provision of extra frame work as necessary for skirting and making cut out for electrical switches, switch boxes, conducting, receiving A.C. etc. as per drawing.				
	A 70mm x 15mm steam beach moulding with champhered edge is to be provided on all external edges & finished in mellamine as per details. Providing and Fixing inserted Soft board / White boards / Glass maintaining the vertical surface lines and no extra measurements would be taken for the soft boards / Glass.		SQ.FT.		
3	WALL PANELLING OVER COLUMN & WALL				

	Providing & Fixing of the wall panelling, made of Heavy Duty			
	Aluminium section 50x50mm @ 600 mm c/c both ways			
	horizontally and vertically on the wall providing over 12 mm			
	thick MDF board with 1.00 mm thick Ultra / High Gloss			
	laminated of approved quality laminate and shade shall be fixed			
	on faces of panelling as per design with groove, skirting shall be			
	100 mm high finished with 1.00mm laminate. Wooden moulding			
	,lipping etc.as directed by the bank.	920.00	SQ.FT.	
4	CASH COUNTER PARTITION HT. UPTO 7'-0"			
	Providing & Fixing partition , made of Heavy Duty Aluminium			
	section 50x50mm @600mm c/c both ways fixed rigidly at floor			
	level as well as ceiling bottom, 12 mm thick MDF board with			
	1.00mm thick Ultra / High Gloss laminate of approved quality			
	and shade shall be fixed on both faces of partition as per design			
	with groove with necessary openings for glass at 3'-10" height.			
	These openings shall be covered by 12mm thick clear glass fixed			
	with screw /clips covered with TW beading on all four			
	sides.Skirting shall be 100mm high with 1.00mm thick laminate.			
	The item includes door shutter of size 700mm x200mm with			
	frame work of 3 verticals and 5 horizontals made of 75mmx25mm			
	.Heavy Duty Aluminium sections and covered with 6mm thick			
	commercial plywood and Ultra / High Gloss matte1.00mm			
	laminate of approved quality and shade with teak wood edging			
	out of 40x20mm teak wood section on all exposededges of shutter			
	(all around) with teak / rubber wood frame (chowkhat) out of			
	75x50mm section. Necessary openings for the glass shall be provided in the top			
	panel which shall be covered by 600mmx300mmx6mm thick			
	glass with necessary teak wood beadings. The item includes			
	necessary hardware such as hinges, tower bolts,doorstopper,godrej			
	night latch with 2 nos SS (6" high) handle of approved quality			
	and design. All exposed teak /rubber wood surfaces shall be finished with			
	An exposed teak /rubber wood surfaces shall be linished with			
	approved colour melamine polish. The rate includes making			
	provision for electrical conduits, switch and junction boxes.	52.50	SQ.FT.	
	,			
5	CASH COUNTER			
	Providing & fixing cash counter of length 1372 mm as per layout			
	plan with writing top, upper top, front projection face, sides and			
	front apron all shall be made of 19 mm thick comm. board (of			
	bank approved) with teak wood lipping /moulding on exposed			
	ends of comm. board. The front apron, projected face and exposed			
	sides shall be finished with Ultra / High Gloss matte 1.00 mm			
	thick laminate of approved shade and the upper top shall be			
	provided with 20 mm thick pre- polished granite stone of			
	approved shade (as per the sample/ Bank/ Architect approval).			

	The writing top shall be finished with 1.50 mm thick laminate			
	with TW moulding as per peer design .The skirting shall be 100			
	mm high finished with 1.00mm thick laminate.			
	There shall be a CPU shelf of size 600mmx300mm made of			
	19mm commercial board fixed at height of 150 mm inside the			
	counter with alround teakwood lipping .There shall be wood foot			
	rest made of hollock wood .There shall be Metallic key board tray			
	(ebco make) . There shall be a drawer unit consists of three			
	drawer with all round boxing made of 19 mm commercial board			
	with vertical support of the counter as one side.The drawer shall			
	be made of 19 mm commercial block board . The drawer bottom			
	and rear side of the unit shall be covered by 6mm commercial			
	plywood. The front face of the drawer shall be covered by 1.00 mm			
	thick laminate of approved shade and make.Each drawer shall			
	have multipurpose lock (godrej), drawer sliding channel and SS			
	handle.All the inner surfaces of drawer and table shall be			
	laminated finished . The over all dimensions shall be :			
	Length = 1372 mm approx.			
	Width of writing top = 812 mm			
	Width of upper /customer top = 400 mm.			
	height of writing platform = 750 mm			
	Height of customer platform above writing top= 400mm	6.58	R.FT.	
6	GLASS FOR THE CASH CABIN (FRONT)			
	Providing and Fixing 12mm thick clear glass supported by			
	the side partitions and fixed with brass clips on two			
	sides/TW/rubber wood beading .The exposed edges shall be			
	grinded and polished.	20.00	SQ.FT.	
7	GLASS FOR RUNNING COUNTER (FRONT)			
	` ,			
	Providing and Fixing 12mm thick clear glass 9" - 1'-0" high			
	for counter front supported by the side partitions and fixed with			
	brass clips on two sides/TW/rubber wood beading .The exposed			
	edges shall be grinded and polished.	45.06	SQ.FT.	
8	WORK STATION			
	Providing & fixing running counter as per layout plan with			
	writing top, sides and front apron all be made of 19 mm thick			
	comm. Board with teak wood with lipping on exposed ends of			
	comm. board.The front apron shall be finished with Ultra / High			
	Class			
	Gloss matte 1.00 mm thick laminate of approved shade .The			
	writing top shall be provided with 1.5 mm thick laminate of			
	writing top shall be provided with 1.5 mm thick laminate of			
	writing top shall be provided with 1.5 mm thick laminate of approved quality and shade (as per approved sample) with TW /			
	writing top shall be provided with 1.5 mm thick laminate of approved quality and shade (as per approved sample) with TW $/$ rubber wood mouling as per design . The skirting shall be 100			

	There shall be a CPU shelf of size 600mmx300mm made of 19			
	mm comm. Block board fixed at height of 150 mm inside the			
	counter with alround teakwood lipping. There shall be wood foot			
	rest made of hollock wood. There shall be Metallic Key board trey(
	ebco make).			
	There shall be a drawer unit with each unit, drawer unit consists			
	of one drawer with storages unit with alround boxing made of 19			
	mm comm. Block board with vertical support of the counter as			
	one side. The overall dimension of the drawer unit shall be 16"			
	wide and 24" deep all made of 19 mm commercial block board.			
	The drawer bottom shall be made of 6 mm th.comm. ply and rear			
	side of the unit shall be covered by 19mm th. commercial board			
	The front face of the drawer shall be covered by 1mm lamination			
	of approved shade and make. Aii the inner surface of drawer unit and table shall be laminated finished. Each draw shall have multi			
	purpose lock (godrej) and SS handle.			
	purpose rock (gourd)) and 55 mandic.			
	The overall dimensions shall be: Length =1350 to 1500 mm,			
	width of writing top = 750 mm height of the writing platform =			
	750 mm .	25.75	R.FT.	
9	Providing and Fixing notice board /disply board,made of			
	50x25mm .Meerandi wood frame with 6mm thick comm.ply			
	/particle board with 12mm thick board covered approved fabric,			
	with 40x25 mm teak wood moulding all around finished with			
	melamine polish.	30.00	SQ.FT.	
10	CUP BOARD (Low Height)			
	Providing & Fixing low ht. cabinet of height of cupboard shall be			
	750mm to 900mm with19mm th. Comm. Board, Ultra / High			
	Gloss matte1.00mm thick laminate to be fixed all exposed			
	surface (side, top, & front). The rate incldes necessary hardware such as hinges, godrej lock brass handle, beading to be polised,			
	all the inner surface shall be laminated finised.	40.55	ac ==	
		40.23	SQ.FT.	
11	ELECTRICAL PANEL BOXING (Full Height)			
	Providing & Fixing full ht. cabinet of cupboard with 19mm th.			
	Comm. Board , Ultra / High Gloss matte 1.00mm thick laminate			
	to be fixed all exposed surface (side,top,& front). The rate			
	to be fixed all exposed surface (side,top,& front). The rate incldes necessary hardware such as hinges, godrej lock brass			
	to be fixed all exposed surface (side,top,& front). The rate	45.00	SQ.FT.	
	to be fixed all exposed surface (side,top,& front). The rate incldes necessary hardware such as hinges, godrej lock brass handle, beading to be polised , all the inner surface shall be	45.00	SQ.FT.	
12	to be fixed all exposed surface (side,top,& front). The rate incldes necessary hardware such as hinges, godrej lock brass handle, beading to be polised , all the inner surface shall be laminated finised.	45.00	SQ.FT.	
12	to be fixed all exposed surface (side,top,& front). The rate incldes necessary hardware such as hinges, godrej lock brass handle, beading to be polised, all the inner surface shall be laminated finised. Providing & Fixing full ht. Bison board partition made of	45.00	SQ.FT.	
12	to be fixed all exposed surface (side,top,& front). The rate incldes necessary hardware such as hinges, godrej lock brass handle, beading to be polised, all the inner surface shall be laminated finised. Providing & Fixing full ht. Bison board partition made of Heavy Duty AL. frrame section 50x50mm @ 600mmc/c both ways fixed rigidly at floor level as well as ceiling bottom with	45.00	SQ.FT.	
12	to be fixed all exposed surface (side,top,& front). The rate incldes necessary hardware such as hinges, godrej lock brass handle, beading to be polised, all the inner surface shall be laminated finised. Providing & Fixing full ht. Bison board partition made of Heavy Duty AL. frrame section 50x50mm @ 600mmc/c both ways fixed rigidly at floor level as well as ceiling bottom with emamal paint over if both side of partition as per design with	45.00	SQ.FT.	
12	to be fixed all exposed surface (side,top,& front). The rate incldes necessary hardware such as hinges, godrej lock brass handle, beading to be polised, all the inner surface shall be laminated finised. Providing & Fixing full ht. Bison board partition made of Heavy Duty AL. frrame section 50x50mm @ 600mmc/c both ways fixed rigidly at floor level as well as ceiling bottom with emamal paint over if both side of partition as per design with necessary openings for glass. The rate incldes necessary hardware	45.00	SQ.FT.	
12	to be fixed all exposed surface (side,top,& front). The rate incldes necessary hardware such as hinges, godrej lock brass handle, beading to be polised, all the inner surface shall be laminated finised. Providing & Fixing full ht. Bison board partition made of Heavy Duty AL. frrame section 50x50mm @ 600mmc/c both ways fixed rigidly at floor level as well as ceiling bottom with emamal paint over if both side of partition as per design with	45.00 99.00	SQ.FT.	

13	Providing & Fixing AL. Grill on top of cash cabin .The rate incldes necessary hardware such as beading , nut and bolt to be properly fixed in wall and partition and complete with all.	1.00	no.	
14	FULLY GLAZED PARTITION - WITH TOUGHENED GLASS			
	USING DORMA MAKE FITTINGS			
	Providing and fixing of Fixed Glass partition with 10mm thick toughened glass using PT Standard fittings like PT90/ PT92 of DORMA make at the top and grouting at the bottom with U-Shaped Aluminium rails and EPDM gaskets including cutting, making holes in glass and fixing the fittings in floors, false ceiling etc. and making the same good with necessary screw, sealent wherever required. The top PT standard fittings to be fitted to the Wooden section fixed above the Gypsum board in the level of GI channels of False ceiling.	12.00	SQ.FT.	
15	GLASS DOOR WITH FLAMELESS ON PATCH FITTING			
	Providing and fixing frameless fully glazed 12mm thk toughened float glass fixed with necessary patch fittings(Dorma make) including cutting, making holes, cutouts in the glass of required shape and size to accommodate fittings and fixing the fittings in floors, soffits, jams including necessary fixtures, srews, sealent wherever required and SS cover over patch fittings. Rate shall include necessary etching film / LOGO, approved patch fitting locking systems, 1 pair of 12" long S. S. (C Shape) Handles of approved make, floor springs, and any necessary hardware items.(DORMA MAKE Top Pivot - PT 24, Top Patch Fittings - PT 20, Bottom Patch fittings - PT 10, Floor Spring - BTS 75 V, Corner lock with strike plate and Euro Profile Cilinder - US 10, Handle - TG 9300 EQ - S 25mm dia X 300mm length)	49.00	SQ.FT.	
16	FALSE CEILING (Armsstrong Grid)			
	P/F in position 600x 600x15 mm prima fine fissured tegular in 24 mm eposed tee white with trulok suspension systems with nrc value of 55 (acoustic performance) false ceiling of approved quality over M/S Armstrong world industries (india) Ltd trulok suspension systems of required weight as per architects app at reguired spacing, finishing of all joints neatly to proper line & level including providing of additional framework for electricals fixtures.including giving trap doors where ever required. Diffusers,cutouts for fire sprinklers etc. as per the specifications approved by architects Including necessary scaffolding supports,suspenders etc.	280.00	SQ.FT	
17	FALSE CEILING (GYPSUM BOARD)			
	,			

, which includes perimeter channels along with the parameter of ceiling, with intermediate channel of size 45 mmx0.9 mm thick with two flange of 15 mm each @ 1220 mm c/c with ceiling angle of size 25x10x.5mm fixed to bottom of ceiling with G.I. cleat and steel expansion fastener, ceiling section of 0.55mm thick with knurled web of 51.5 mm and two flangesof 26 mm each with lips of 10.5 mm are then fixed to the intermediate channel with connecting clips and direction perpendicular to the intermediate channel at 457mmc/c, 12.5mm thick Gypsum board shall be fixed with screw with filling and finishing the tapered edge with jionting compound. paper tape and painted with two or more coats of plastic emulsion paint over a cot of primer. The item includes P/F perimeter channel of size 20x27x30mm and 0.55 mm thick for light fittings, AC grills, diffusers and cutouts i/c cutting of opening for light fixtures,A.C. etc.with 40x40mm wooden moulding all around the walls / pillars.All complete as per design .(The finished surface area shall be measured.)					
ceiling , with intermediate channel of size 45 mmx0.9 mm thick with two flange of 15 mm cach @ 1220 mm e/e with ceiling angle of size 25x10x.5mm fixed to bottom of ceiling with G.I. cleat and steel expansion fistenere, ceiling section of 0.55mm thick with kurded web of 51.5 mm and two flangesof 26 mm each with lips of 10.5 mm are then fixed to the intermediate channel with connecting clips and direction perpendicular to the intermediate channel at 457mmc/c, 12.5mm thick Gypsum board shall be fixed with screw with filling and finishing the tapered edge with jionting compound. paper tape and painted with two or more coats of plastic emulsion paint over a cot of primer. The item includes P/F perimeter channel of size 20x27x30mm and 0.55 mm thick for light fittings. AC grills, diffusers and cutouts i/c cutting of opening for light fixtures, A.C. etc. with 40x40m wooden moulding all around the walls / pillars.All complete as per design .(The finished surface area shall be measured.) **TABLE (Laminated top)** **TABLE (Laminated top)** **Providing Table in position with writing top , sides and front apron all be made of 19mm thick comm. Board with teak wood lipping on exposed ends of comm. Board with teak wood lipping on exposed ones of comm. Board The front apron and sides shall be finished with 1.00mm thick laminate of approved shade with Ultra / High Gloss marke. The writing top shall be provided with 1.00 mm thick laminate of approved shade (as per the sample). The exposed edges of the top shall be rounded on both the edges with teak/rubber wood moulding as per design. The skirting shall be 100 mm high with 1.00 mm thick laminate. There shall be a CPU shelf of is/se 600 mm as 300mm made of 19 mm commercial block board fixed at height of 150 mm inside the counter with airound teakwood lipping and ebeo make sliding fitting. There shall be a drawer unit with airound boxing made of 19 mm commercial block board with vertical support of the counter as one sidde. All made of 19 mm commercial block board with vertica		Providing & fixing false ceiling as per design consist of G.I.frame			
with two flange of 15 mm cach @ 1220 mm o'c with ceiling angle of size 25x10x,5mm fixed to bottom of ceiling with 6.1 cleat and steel expansion fastener, ceiling section of 0.55mm thick with knurded web of 51.5 mm and two flangesof 26 mm each with lips of 10.5 mm are then fixed to the intermediate channel with connecting clips and direction perpendicular to the intermediate channel at 457mm/c. 12.5mm thick Gypsum board shall be fixed with screw with filling and finishing the tapered edge with jionting compound. paper tape and painted with two or more coats of plastic emulsion paint over a cot of primer. The item includes P/F perimeter channel of size 20x27x30mm and 0.55 mm thick for light fittings, AC grills, diffusers and cutouts i/c cutting of opening for light fixtures, AC. etc. with 40x40mm wooden moulding all around the walls / pillars.All complete as per design .(The finished surface area shall be measured.) **TABLE (Laminated top)** Providing Table in position with writing top , sides and front apron all be made of 19mm thick comm. Board with teak wood lipping on exposed ends of comm. Board in the front apron and sides shall be finished with 1.00mm thick laminate of approved shade with 11th 14th 14th 14th 14th 14th 14th 14		, which includes perimeter channels along with the parameter of			
of size 25x10x.5mm fixed to bottom of ceiling with G.I. cleat and steel expansion fistener, ceiling section of 0.55mm thick with kuurled web of 51.5 mm and two flangsesof 26 mm each with lips of 10.5 mm are then fixed to the intermediate channel with connecting clips and direction perpendicular to the intermediate channel at 457mme/c, 12.5mm thick Gypsum board shall be fixed with screw with filling and finishing the tapered edge with jionting compound. paper tape and painted with two or more coats of plastic emulsion paint over a cot of primer. The item includes PF perimeter channel of size 20x27x30mm and 0.55 mm thick for light fittings, AC grills, diffusers and cutouts i/e cutting of opening for light fixtures, A.C. etc. with 40x40mm wooden moulding all around the walls / pillars. All complete as per design .(The finished surface area shall be measured.) 18 TABLE (Laminated top) Providing Table in position with writing top , sides and front apron all be made of 19mm thick comm. Board with teak wood lipping on exposed ends of comm. Board .The front apron and sides shall be finished with 1.00mm thick laminate of approved shade with Ultra / High Gloss matte. The writing top shall be provided with 1.00 mm thick laminate of approved shade with Ultra / High Gloss matte. The writing top shall be provided with 1.00 mm thick laminate of approved shade with ultra / High Gloss matte. The writing top shall be provided with 1.00 mm thick laminate of paperoved shade with ultra / High Gloss matte. The writing top shall be provided with 1.00 mm thick laminate. There shall be a CPU shelf of size 600 mm x 300mm made of 19 mm commercial block board fixed at height of 150 mm inside the counter with airound teakwood lipping. There shall be wood foot rest made of hollock wood. There shall be a drawer unit with airound boxing made of 19 mm commercial block board. The drawer bottom and rear sidde of the unit shall be covered by 6 mm commercial plywood. The front face of the draw shall be covered by 1 mm laminate of approved sha		ceiling , with intermediate channel of size 45 mmx0.9 mm thick			
steel expansion fastener, ceiling section of 0.55mm thick with knurled web of 51.5 mm and two flangesof 26 mm each with lips of 10.5 mm are then fixed to the intermediate channel with connecting elips and direction perpendicular to the intermediate channel at 457mm/c; 1.25mm thick Gypsum board shall be fixed with screw with filling and finishing the tapered edge with jionting compound. paper tape and painted with two or more coats of plastic emulsion paint over a cot of primer. The item includes P/F perimeter channel of size 20x27x30mm and 0.55 mm thick for light fittings, AC grills, diffusers and cutouts i/c cutting of opening for light fixtures, A.C. etc. with 40x40mm wooden moulding all around the walls / pillars. All complete as per design (The finished surface area shall be measured.) 18 TABLE (Laminated top) Providing Table in position with writing top , sides and front apron all be made of 19mm thick comm. Board with teak wood lipping on exposed ends of comm. Board with teak wood shade with Ultra / High Gloss matte. The writing top shall be provided with 1.00 mm thick laminate of approved shade with Ultra / High Gloss matte. The writing top shall be provided with 1.00 mm thick laminate of approved shade (as per the sample). The exposed edges of the top shall be rounded on both the edges with teak/rubber wood moulding as per design. The skriting shall be 100 mm high with 1.00 mm thick laminate. There shall be a CPU shelf of size 6000 mm x 300mm made of 19 mm commercial block board fixed at height of 150 mm inside the counter with airound teakwood lipping. There shall be wood foot rest made of hollock wood. There shall be key board tray made of 19 mm commercial block board with vertical support of the counter as one sidde. All made of 19 mm commercial block board with vertical support of the counter as one sidde. All made of 19 mm commercial block board with vertical support of the counter as one sidde. All made of 19 mm commercial block board with vertical support of the counter as one sidde. All mad		with two flange of 15 mm each @ 1220 mm c/c with ceiling angle			
knurled web of \$1.5 mm and two flangesof 26 mm each with lips of 10.5 mm are then fixed to the intermediate channel with connecting clips and direction perpendicular to the intermediate channel at 457mmc/e, 12.5mm thick Gypsum board shall be fixed with screw with filling and finishing the tapered edge with jionting compound. paper tape and painted with two or more coats of plastic emulsion paint over a cot of primer. The item includes PF perimeter channel of size 20x27x30mm and 0.55 mm thick for light fittings, AC grills, diffusers and cutouts tie cutting of opening for light fixtures, AC., etc. with 40x40mm wooden moulding all around the walls / pillars. All complete as per design .(The finished surface area shall be measured.) 18 TABLE (Laminated top) Providing Table in position with writing top , sides and front apron all be made of 19mm thick comm. Board with teak wood lipping on exposed ends of comm. Board .The front apron and sides shall be finished with 1.00mm thick laminate of approved shaded with Ultra / High Gloss matte. The writing top shall be provided with 1.00 mm thick laminate of approved shaded with Ultra / High Gloss matter. The writing top shall be provided with teak/rubber wood moulding as per design .The skirting shall be 100 mm high with 1.00 mm thick laminate. There shall be a CPU shelf of size 600 mm x 300mm made of 19 mm commercial block board fixed at height of 150 mm inside the counter with airound teakwood lipping. There shall be wood foot rest made of hollock wood. There shall be a drawer unit with alround boxing made of 19 mm commercial block board. The drawer bottom and rear sidde of the unit shall be covered by 6 mm commercial block board. The front face of the draw shall be covered by 1 mm laminate of approved shade and make. Each draw shall be minimated finished. a) 1800 mm x900mm x 750 mm high, with drawer unit onsists of three drawer, mounted on sliding channel (cbeo make) (MANAGER TABLE)		of size 25x10x.5mm fixed to bottom of ceiling with G.I. cleat and			
of 10.5 mm are then fixed to the intermediate channel with connecting clips and direction perpendicular to the intermediate channel at 457mmc/c, 12.5mm thick Gypsum board shall be fixed with screw with filling and finishing the tapered edge with jionting compound. paper tape and painted with two or more coats of plastic emulsion paint over a cot of primer.
