E LIMIT STRUCTURE/TRIGGER MECHANISM

11.1 DISPUTE REDRESSAL MECHANISM: TECHNOLOGICAL PRODUCTS:

Lodging of ATM related Complaints

The following information should be displayed prominently at the ATM locations: -

- i. ATM ID may be displayed clearly in the premises to make use of it while making a complaint / suggestion
- ii. Information that complaints should be lodged at the branches where customers maintain accounts to which ATM card is linked
- iii. Telephone numbers of help desk / contact persons of the ATM owning bank to lodge complaint / seek assistance
- iv. Uniform Template for lodging of complaints relating to ATM transactions. (as given in page 24 Annexure)

To improve the customer service through enhancement of efficiency in ATM operations, banks are advised to initiate following action:

- (i) Message regarding non-availability of cash in ATMs should be displayed before the transaction is initiated by customer
- (ii) Make available forms for lodging the complaints with name and phone number of the officials with whom they have to be lodged
- (iii) Make available sufficient toll-free phone numbers for lodging complaints / reporting and blocking lost cards and also attend the requests on priority
- (iv) Mobile numbers / e-mail IDs of the customers may be registered to send alerts

In case of complaints pertaining to a failed ATM transaction at other bank ATMs, the customer should lodge a complaint with the card issuing bank even if the transaction was carried out at another bank's ATM.

Transactions at ATM-Procedural Amendment - Pin Validation for Every Successive Transaction

The process flow followed for ATM transactions varies from bank to bank. The type of card readers installed by each ATM vendor also contributes to the variation in the process flow. Security concerns arise in the case of certain type of card readers which facilitate multiple transactions without the need for pin validation for every successive transaction. The possibility of frauds / misuse of cards is very high in a scenario where the card is inserted in such reader slots, the card holder fails to collect the card after the transaction is completed and the card is misused. This risk can be eliminated to a great extent if, for every transaction, the process flow demands pin validation. Hence each bank may ensure that the process flow is modified to provide for the pin validation for every transaction, including balance enquiry facilitated through ATM. Further, as an additional safety measure, banks are advised that the time-out of sessions should be enabled for all screens / stages of ATM transaction keeping in view the time required for such functions in normal course.

Non-adherence to the above provisions shall attract penalty as prescribed under the Payment and Settlement Systems Act 2007 (Act 51 of 2007).

Security Issues and Risk mitigation measures- Online alerts to the cardholder for usage of credit/debit cards

Banks were mandated to send online alerts to the cardholders for all Card Not Present (CNP) transactions for the value of ₹ 5000/- and above. In view of the incidents of unauthorized / fraudulent withdrawals at ATMs that came to the notice of RBI, banks were advised to put in place, latest by June 30, 2011, a system of online alerts for all types of transactions irrespective of the amount, involving usage of cards at various channels. This measure is expected to encourage further usage of cards at various delivery channels. Banks should provide easier methods (like SMS) for the customer to block his card and get a confirmation to that effect after blocking the card.

Security Issues and Risk mitigation measures related to Card Not Present (CNP) transactions

Banks have been mandated to necessarily put in place additional factor of authentication/validation based on information not visible on the cards for all on-line Card not Present (CNP) transactions in a phased manner, starting with online transactions followed by Interactive Voice Response (IVR), Mail Order Telephone Order (MOTO) and Standing Instructions (SI). In the case of MOTO and SI transactions, it has been stated that in case of customer complaint regarding issues, if any, arising out of transactions effected without the additional factor of authentication after the stipulated date, the issuer bank has to reimburse the loss to the customer further without demur.

11.2 ATM FAILED TRANSACTIONS:

- d. Our Debit Cards used at other Bank ATMs.

In terms of Reserve Bank of India guidelines, the wrongful debit in the customers account on account of ATM failed transactions shall be reversed within 7 working days from the date of receipt of complaint from the customer, failing which a penalty at Rs.100/- for each day of delay shall be credited to the customer's account along with the disputed amount.

Any customer is entitled to receive such compensation for delay, if a claim is lodged with the issuing bank within 30 days of the date of the transaction.

If the customer prefers the complaint after 30 days but within 60 days the claim will be settled without compensation through our NPCI- Dispute Management System (DMS) package. The claim preferred after 60 days but within 120 days, known as good faith claim, is settled through NPCI- DMS without penalty.

All disputes regarding ATM failed transactions within 120 from the date of transaction shall be settled by the issuing bank and the acquiring bank through National Payment Corporation of India only. No bilateral settlement arrangement outside the dispute resolution mechanism available with the system provider is permissible.

However, ATM failed transactions beyond 120 days from the date of transaction be settled by issuing bank and acquiring bank through bilateral arrangement on good faith claim basis.

The number of free transactions permitted per month at other bank ATMs to Saving Bank account holders shall be **inclusive** of all types of transactions, financial or non financial.

All disputes regarding ATM failed transactions shall be settled by the issuing bank and the acquiring bank through the ATM System Provider only. No bilateral settlement arrangement outside the dispute resolution mechanism available with the system provider is permissible. This measure is intended to bring down the instances of disputes in payment of compensation between the issuing and acquiring banks.

NFS will in turn forward the adjustment form to the concerned member bank after making necessary adjustments in the daily settlement report.

16. Home Loans-Levy of fore-closure charges/pre-payment penalty:

1. The removal of fore closure charges/prepayment penalty on home loans will lead to reduction in the discrimination between existing and new borrowers and competition among banks will result in finer pricing of the floating rate home loans. Though many banks have in the recent past voluntarily abolished pre-payment penalties on floating rate home loans, there is a need to ensure uniformity across the banking system. It has, therefore, been decided that bank shall not charge foreclosure charges/pre-payment penalties on home loans on floating rate basis, with immediate effect.
2. As per extant guidelines a fixed rate loan is one where the rate is fixed for a certain period with reset clause option. Hence, Dual rate/Special rate home loans sanctioned by the bank cannot be treated as fixed rate loans. In case of Dual rate/Special rate home loans, the provisions of lower interest rate will be applicable from the date the rate of interest on the loan becomes floating.
3. Bank shall not charge foreclosure charges/pre-payment penalties on all floating term loans sanctioned to individual borrowers.

17. Uniformity in Intersol Charges:

With the introduction of Core Banking Solution (CBS), it is expected that customers of the bank would be treated uniformly at any sales or service delivery point. It is, therefore, bank is not discriminating against the customers on the basis of one branch being designated as 'home' or 'base' branch where charges are not levied for products/services and other branches of the same bank being referred to as 'non-home' branch. As such, if a particular service is provided free at 'home' branch, the same shall be available free at 'non home' branches also. There shall not be any discrimination as regards intersol charges between similar transactions done by customers at 'home branch' and 'non home' branches. (Page 32 point no. 6.6 of Master Circular on Customer Service 2014 issued by RBI)
