

Beware of Fraudulent Websites

It came to the knowledge of the Bank through Indian Banks' Association (IBA) that complaints have been received from public against various entities which operate websites displaying the logos of various prominent Commercial Banks and images of their Customer Service Points and contact public promising to enlist them as Customer Service Points of different Commercial Banks. They are collecting money from the persons interested to open Customer Service Points and duping them.

In the above context, we caution the public in general that our Bank does not have provision for online sourcing of application of allotment of Customer Service Points to general public. Public is hereby requested not to believe such luring advertisements in websites and become prey to fraudsters.
